19 MR. LINES: Hello. Scott Lines.

20 TODD: Hey, Scott. How are you? Todd here.

21 MR. LINES: Todd, how are things, bud?

22 TODD: Okay. What's up with our market?

23 MR. LINES: Market? What market?

24 TODD: Fuck.

25 MR. LINES: It's closed.

85: 1 TODD: Is it closed now?

2 MR. LINES: No. It's not closed. It's closing for

3 good, it looks like.

4 TODD: Jesus Christ. We haven't sold a fuckin'

5 share.

6 MR. LINES: Yeah, I know.

7 TODD: Wow.

8 MR. LINES: I don't know what that is.

9 TODD: Hmm?

10 MR. LINES: I don't know what that's all about.

11 Whose stock is that?

12 TODD: I think we're getting shorted. I mean we

13 must be, you know, 280,000 shares, or 290.

14 MR. LINES: Yeah. They must be shorting into you.

15 TODD: They've got to be shorting into us. I mean,

16 fuck, it's been, uh--

17 MR. LINES: Didn't you just do a prem off?

18 TODD: Fuck. We just did what Larry just started

19 the launch. We held off on the European stuff, because the

20 market was down 5 percent Friday and 2 percent on the open.

21 But yeah, I mean, we've got stuff starting. But fuck, not a

22 very good start. We were doing better before we started

23 starting?

24 MR. LINES: Yeah. They got short tails. It looks

25 like short tails.

86: 1 TODD: It does. Doesn't it?

2 MR. LINES: Yeah. They're shorting into you. They

3 got a big volume coming, meeting all the bids and pushing it

4 down.

5 TODD: Yeah.

6 MR. LINES: Lower offer, lower offer, lower offer.

7 TODD: Yeah. Well, fuck.

8 MR. LINES: They're not short tailing about the

9 market makers, because they always offer lower.

10 TODD: Yeah, it's a classic.

11 MR. LINES: Yeah.

12 TODD: They're onto us.

13 MR. LINES: Yeah.

14 TODD: Fuck. Okay. Well, I guess we're just going

15 to have to fuckin' tough it out.

16 MR. LINES: Just wait it out.

17 TODD: What can we do?

18 MR. LINES: Who did you cap?

19 TODD: Sorry? I started. They're new today.

20 They're brand new today. There's like four or five of them

21 that are new, that are doing all the, you know, doing all the

22 damage.

23 MR. LINES: You know, you cap low bids, low bids,

24 low bids on the offer side.

25 TODD: Yeah. What's the volume now?  
87: 1 MR. LINES: 282,000.  
2 TODD: 282? What's fuckin' Larry. I think he just  
3 brought the fucking shorts to us.  
4 MR. LINES: Maybe -- maybe the short -- maybe they  
5 keyed off the promoters. You know.  
6 TODD: Because he just did his blast to a million  
7 three people.  
8 MR. LINES: Well, the shorts that picked it up and  
9 that I left all over it.  
10 TODD: Yeah. Fuck.  
11 MR. LINES: They're shorting out. What they do is  
12 they short it when the first wave of volume comes in. Then  
13 they market down hard and scare off the second wave of buying  
14 and then they craft it.  
15 TODD: And then they start buying?  
16 MR. LINES: And then they start buying it back when  
17 they get the wave back in it.  
18 TODD: Yeah, well, the thing is we're going to have  
19 some big promo kickin' off. Well, we are. It's already  
20 started. It just hasn't hit yet, you know, between our, you  
21 know.  
22 MR. LINES: \$1.39.  
23 TODD: What's the market now?  
24 MR. LINES: 27.31.  
25 TODD: 27, fuck. Lookin' good up until today.  
88: 1 MR. LINES: It's a whole new world when you don't  
2 promote a stock.  
3 TODD: Sorry?  
4 MR. LINES: Maybe it's a new world where you don't  
5 promote stocks.  
6 TODD: Jesus Christ.  
7 MR. LINES: You've got 27. Yeah.  
8 TODD: How's the sales west?  
9 MR. LINES: Weak today, actually.  
10 TODD: Is it under 15?  
11 MR. LINES: Yeah. It's 14.20, I think, 25.  
12 TODD: Oh, is that right? Everything is bounced  
13 around. Everything is down. How far is the Dow down now?  
14 MR. LINES: Dow was down 131 a minute ago, and now  
15 it's 143 down.  
16 TODD: Yeah, 143.  
17 MR. LINES: You know, it's weird. It's like a real  
18 typical Monday. You know, don't sell on a Monday routine. I  
19 don't think volumes are big. I think people are just -- I  
20 don't know. They've got this resolution going to the U.N.  
21 today by the Brits, or tomorrow. So everyone's sort of  
22 really shaky. Volumes I don't think are big, except for  
23 STLOF.  
24 TODD: Yeah. All right. Well, tomorrow is another  
25 day.  
89: 1 MR. LINES: Yeah.  
2 TODD: Yeah. Okay, Scott.  
3 MR. LINES: Okay, buddy.  
4 TODD: All right. Take care.  
5 MR. LINES: Okay. Bye.  
6 TODD: Bye-bye.  
7 (End of Recording.)
